If there be no advance, the horse shall go to the person from whom the auctioneer recognized as the last bid. The auctioneer will decline any bid made by parties who have defaulted in former purchases, or by persons who, in his judgment are not responsible bidders. The right to bid is reserved by all Sellers.

**Gate Release:** Upon payment by the Buyer to the Cashier, the Cashier will issue an order to Buyer which releases the horse from the grounds.

**Title and Risk of Loss:** Title to and risk of loss pass from Consignor to Buyer immediately after the horse is struck down by the auctioneer. This shall especially be the condition in the case of illness, injury, or death of any horse after it has been sold. The Buyer agrees to indemnify and hold the Consignor, Western Heritage Sales Co., Oklahoma Horse Fair, harmless from all loss, cost and expense arising from the illness, injury or death of a horse or loss or damage to property and injury or death of persons caused by the Buyer, the Buyers agents or employees or by the horse after the horse has been purchased.

 Consigned by: Wild Bunch Mule Co

Paint Shetland Pony 40 inches 480 lbs. SWEETHEART is sweet little pony that loves people. She is well broke. She has been rode by a lot of kids. She has been used for trailriding, lessons, birthday parties and more. More recently she had been turned out as a brood mare. She has that great paint color and good confirmation. She is an easy keeper and requires no grain. She is also great to lead or pony kids on. She will be a great addition to any family. She was grass foundered when she was younger. We have progressively trimmed her soles back where they should be and had her on Horseshoer's Secret at first. If you are going to ride her on the rocks alot, it is best to shoe her otherwise proper trimming is fine. Some of the best ponies around have been foundered due to too good of care or feeding them like a big horse. They are still great for kids. We just want to be totally honest and make sure she gets the type of treatment that is best for her. We just know your family will love this pony. Come by and test ride her on sale day. For more info, feel free to call Jennifer at 501-213-8594.

He threw a lot of roan babies and they were built nice. That is why we had him as stud even though he wasn't registered. We decided to go a different route and get a mini jack and try to get mini mules. So we decided to train him to ride. We asked our little friend Mercy to help us with the task. She helped train the other nice pony we brought last year, too. She is kind but makes them mind. Plus she just rides the hair off of 'em. Come try this nice pony at our stalls. He will be started right. For more pics, videos or info, call Jennifer at 501-213-8594.*

He was mostly handled by a little girl before we got him. She did all the ground work on him and had been on his back a few times. Since in our care, we have gotten him broke in the bridle and moving off your legs. He is ready to take on and do great things. He would make a great youth horse with a little more work. We are sure he will get taller. He has grown a lot in the last year. He is half quarter & half paint. We have a signed breeder's certificate for the paint assoc., if the new owner should want it. Reba is a 10 year old mare that acts like a gelding. She is a money earning barrel horse 2D to 3D. Very gentle and honest. Not a barrel hitter. She is consistent and very laid back. No alley issues or flaws. She has also been used to day work on and would make a head or heel horse overnight. Leave her in the pasture and take her to barrel race on the weekend. My daughter has decided not to run speed events anymore is the only reason for sale.

You can catch him anywhere and do anything on him. He has buttons that are well installed that make him as fun as a little dirt bike when you have a job to do! He has been my turn back horse, he's awesome on trail obstacles, he tracks the dummy and likes to lope after the score cattle. Ropes don't bother him and he has been a great mount to ride through the national park land. I can't say enough good about him. We took him in on a trade from a client. They had not rode him in about a year. He is very athletic, smart and has lots of potential. He is just a little behind on riding education for his age. He would make a good prospect for barrels, roping or more. We have worked to get him more broke in the bridle. We just have too many to ride to hold on to him. Gus has been used as an all-around horse. We have worked cattle off of him. He has doctored cattle. I have trotted him around the barrels and poles. He has drug calves to the fire in New Mexico during spring break, been in parades. Flag ran. We have trail ridden off of him, he's been to 4-H horse camp. Gus is fancy broke, and has some go. He would make someone a great horse. He rides smooth, stands tied, loads, backs out of the trailer, bathes, stands great for a farrier. I haven't found a bad thing about this horse. He has a great personality, easy to catch and an absolute sweet heart.

Lucky has a HUGE stop! This little mare has done it all! She does breakaway, barrels and poles. Lucky does work rope, but daughter only does breakaway, so we haven't tried. Lucky is a junior rodeo horse, that would be a step up. Lucky has been in parades, carried flags. She loads easily, stands for farrier. She rides off easy, just a sweet mare.
