Charlie is a been there, done that kind of mare. Finished on the head side and will work the heel side as well. Will run consistent 2D/3D times and is a push type runner. She has been used at brandings and to move cattle from pasture and to round up rogue bulls. This mare will do anything you ask her to do and she will pull anything she is tied to and she's level headed enough for a youth rider. Big body, big bone, stands around 15.2-15.3 range. No soundness issues and no maintenance issues.

By the versatile sire LENA RED PEP by PEPTOBOONSMAL. Very sweet nature and nice to be around. Currently standing 14.3 hands and still growing and maturing. Stands tied, loads, trailers well, easy to work with, easy to catch. Had 60 days training with Travis Fisher back in August and September but has had limited riding over the winter. He is scheduled for castration at the end of March at the OSU Castration clinic so if new owner wants to keep the appointment let the previous owner know and arrangements can be made. He is 5 panel tested and N/N across the board.

He is off the Long X Ranch in Dalhart, TX. He has had all ranch work done on him; calves dragged to the fire, doctor wheat yearlings, and will work the gate sorting cattle. I have tracked some steers on him and he has a good stop, handle. Will make a really nice heel horse or ranch horse. 14.2 Hands.

141**PISTOL****2010 Red Roan Grade Horse Mare**

Consigned by: Dusty Garcia

We bought this mare last summer at Rene Cudd's horse sale for the kids. She's been used to gather wheat pasture cattle and if someone could give her a job, she would make a great using horse. 100% sound.

This is a safe and sane proven mare with a top notch 1D history that would make her a good producing candidate, youth horse or with some maintenance, potentially a tough open horse as she has some arthritis in her hocks. She has been ridden out, done some ranch roping, and runs poles.

DIEGO is gentle to be around and would work a lot of ways. He would make a great family horse on the ranch. He is broke really nice for a 5 yr old. We did the training on him as a 2 yr old and then again as a 4 year old and liked him so much we bought him right after that. He is ready to go as a team roping horse on both ends. He's also good in the trails. He rides as good outside as he does in the arena. He's no stranger to a hard days work. He has tons of work ethic built right in his breeding. You add to that his conformation and gorgeous color and you have one heck of a horse. Try him out on sale day. We will previewing him on barrels and roping. Feel free to call Jennifer at 501-213-8594 for more pics, videos or info. Papers guaranteed but not available at time of sale.

86x**ACE****2011 Sorrel Grade Horse Gelding**

Consigned by: Wild Bunch Horse & Mule Co.

Ace is a great little using horse for the ranch but different level riders can also team rope on him. We have penned and sorted cattle on him. Caught cattle in the brush. He logs good. He's a little lazy at times but just kick him up and he's ready to work. He will come right up to you. He's easy to load and groom. He loves attention. Hes an easy keeper. He has great confirmation and good muscle tone. He's built like a Quarter Horse should be. Feel free to try him during the Roping preview or ride him before or after the sale. Take him home and you wont be sorry. For more questions, pics of videos, feel free to call Jennifer at 501-213-8594.
